Disclaimer: The 24 hour forecast is provided as an indication of the likely weather to occur at the specified region and should be used as guidance mainly by the Small Planters Community. Please note that the Meteorological Services will not accept any liability of any kind under any circumstances. The rainfall data provided refers to the amount measured at stations in column 2, from 0400 hours the previous day to 0400 hours. The amount of rainfall may vary at other stations within the same region.
